

New Shields

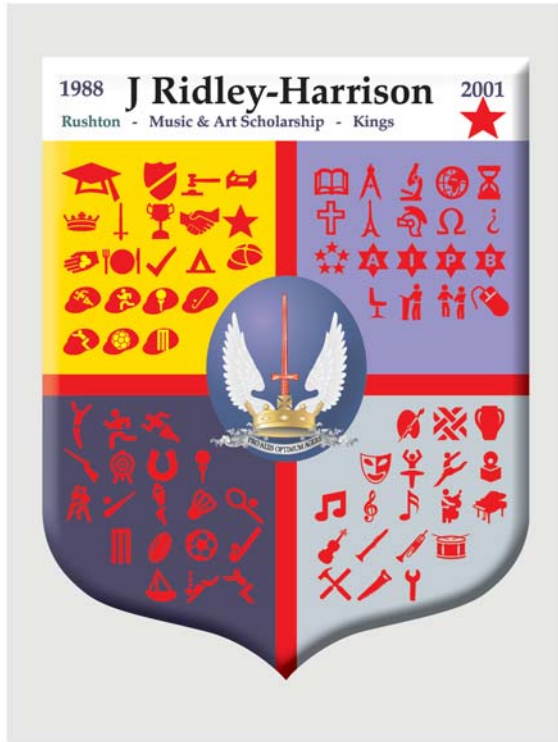

New shield design introduced

The shields have been a long and cherished tradition at Vinehall, but it has become increasingly difficult to find someone to paint them. The time seemed right last year, therefore, to up-date their format in order to enable us to present shields to the 6th Form leavers on their last day.

	Swimming	Sub Aqua	Model Making	Carpentry	DT

In line with the old shields, the new design continues to recognise the academic and sporting achievements of the children. However, the new shield also celebrates the creative and expressive arts, which includes the wide number of musical opportunities the children have at school, as well as their dramatic and artistic achievements. Finally, in line with our school motto - 'to do our best for the benefit of others', a new section recognises the qualities of leadership and citizenship.
