Landscape Project Year 6

It has been a busy and satisfying year in the Art Department - the children engaging in cross-curricular projects with Maths and DT departments and the Pre-Prep. Many children (predominantly Year 7) have been attending Art Club to develop their creativity and art skills.

Vinehall School, filled with colour and creativity is now displaying art, pottery and DT work from across all the year groups.

On the Activity Day, held at Eastbourne College, young artists from Vinehall were invited to a range of challenging and inspirational activities. This included painting, ceramics, cookery and model-making. All the children agreed that it was an extremely fun and fulfilled day.

The Arts Festival week in the Pre-Prep was an excellent opportunity to celebrate Prep School Art. During that week we accommodated Year 2 for carpentry, DT and art lessons, following their African Art theme.

We established continuity between art projects and pottery clubs, allowing the children to extend their project ideas in ceramics.

The end of year was celebrated by the Art Scholars' Exhibition and whole school Art Exhibition. The standard of work was very high showing skills in a wide range of media.

The Art and Carpentry departments, children and parents all helped to produce the back drops for plays and productions. We look forward to the next year with inspiration and new ideas.

Textiles

Children are encouraged to experiment with a broad range of media, including textiles. The angel on the right was designed for the Children's Chapel.
