

Debating

The public speaking competition took place in July and this provided an opportunity for Year 8 to debate a variety of topics including: China, the next superstate?, The Government's Smoking Ban and Capital Punishment. Each team consisted of three members who had to present their case and then take questions from the audience which comprised Years 6, 7 and 8. The winning team was Hector Fraser, Patrick Wadsworth and George Wardle who spoke in support of the Government's smoking ban in public places.
