

Gardening

A mild winter left a rather overgrown garden so Dr Jarratt and Mrs Pickerill set to task in the spring. The children's plots were cleared and some new plots added. Thank you to our groundsman for transporting the recycled woodchip and also for keeping the neighbouring garden free of weeds. Many children enthusiastically tended their plots and Kajal Radia and Charlotte Ward won the Gardening Cup this year. A word of advice for future contenders: keep weeding! *DJ/WAP*
