

When we were very young!

Many of our Year 8 leavers, seen on the left and below, at their formal Christmas Dinner and Dance, can also be seen above with their teddies when they first started in the Pre-Prep!

Junior Celebration Assemblies

This year the juniors have enjoyed the introduction of a new type of assembly - a 'celebration of success' assembly and these have been held regularly throughout the school year. Every child has had the opportunity to be praised for something they have done well whether it be for excellent creative writing, a perfect Latin test or an especially impressive piece of art work; all aspects of school life have been highlighted.

Teachers and children have watched individuals and groups perform on the stage playing a variety of musical instruments. During the year teachers have been watching out for good work and progress, and the children then show their work to Mrs West who rewards them with a special sticker and an invitation to the next special assembly. Positive reinforcement certainly has been effective!
