## Sailing Club 2007

This year, with Bedgebury school closing, has seen a change in activities for Sailing Club. We started with a good day's sailing at Bexhill followed by the traditional antics at the dam at Bewl, on the beach at Pett and with canoes on the school pool. The school pond had a few visits and rowing and canoeing were attempted, but boarding each others craft seemed to be the favourite activity. The new jetty gives a much easier entry and exit for boating and will enable us to use it more in the future. The summer term started with two sessions at Bexhill, one with little wind, but it is always good to get out on the sea. The activity day in June was at Eastbourne and Spray Watersports did us proud. The children took part in canoeing, windsurfing, sailing and body boarding activities on a windy and cold day and finished with a well deserved meal at McDonalds in Bexhill.

A successful year - my thanks to Mr Macdonald and to Bexhill Sailing Club for their support and to the friends for their funding of the jetty.

J. Ingram
