## **COLTSA**

Most of the smaller schools we used to play are no longer on the fixture list, and our match list did look challenging on paper. This proved to be the case, and we lacked the strength in depth to beat some of our opponents. Nevertheless there were many pluses during the season, and considerable improvement was made in teamwork and ball skills. There was an outstanding win against St Andrews, with all four goals scored by Ned Mannion. Many thanks to the parents who supported the team home and away and helped out with transport.

## **Colts B**

This was a very tough season for the Colts B. There was only a small squad of boys to choose from and this made it difficult to get players in to their right playing positions. However, all the boys made up for this handicap with their enthusiastic play. The highlight of the season was probably the match against Cumnor House which ended in a thrilling 1-1 draw.

Goalkeeper Edgar Duthie-Jackson needs a special mention for his great effort between the sticks. He was man of the match on a number of occasions and his efforts often managed to give respectability to the score line. Fredrick Williams also deserves credit for being a positive and helpful captain.
