

Year 6 Camp

In June the pupils in Year 6 took off for an enjoyable weekend at the annual camp at Tanners Farm. This is a much loved traditional feature of the school year and a chance for the children to enjoy playing in the woods, swimming in the river and taking part in other outdoor activities.

The winning tribe this year was the girls' group, *Drake* and William Collier was awarded the Camping Bowl, selected by the accompanying staff as someone who entered into the full spirit of the weekend.

Year 8 Lake District Trip

After their Common Entrance exams, Year 8 pupils enjoyed a week of outward bound activities in the Lake District.

'During the trip to the Lake District we hiked at least 9 miles each day as well as canoeing on Lake Coniston and gorge scrambling up water falls and through cold rivers and getting covered in slime from the river bed. The dorms were really good and so was the food, especially the hot chocolate with marshmallows. Climbing up Bow Fell was spectacular with amazing views although it was very cold. We swam in Lake Grasmere which was cold but fun.'

William Barrington

'On the journey up to the Lake District we visited Manchester United's training ground. This was an amazing experience and I am very grateful to Mr Butcher for organising it for us! We had such a laugh in the Lake District and sharing a dorm with the girls and struggling up a 902m stretch of mountain made me so much closer to all my friends. It was such a nice time to relax and enjoy the fantastic surroundings of the lakes!'
