

Golf

The quality of the golf course improves year by year as the ground staff battle to curtail the activities of the moles on the fairway and apply an abundance of 'tfc' to the greens. We have had an excellent golf year with both Parent and Child competitions over subscribed, the summer term golf tuition places snapped up within the first two days of being advertised. Although slightly damp conditions prevailed, the early birds on June 21st teed off at 5.30am, played some quality golf then breakfasted at 7.30am. I am hoping that 2009 will let us catch the sun rise. This is a popular fixture and was won this year by Mr Sloan with Archie Todd and Julian Serra.

Julian and Archie also represented the school at the Kentish Prep Schools competition at Hythe with three other pairings: Dominic Williamson and Peter Dunn, James McNeilly and William Collier and Henry Clark and Oliver Campbell. This was especially good experience for the younger boys. The conditions were testing with a strong wind off the sea and the usual treacherous rough.

2007/8
