

Grandparents' Day

2007/8

Over 100 grandparents joined the whole school Harvest Festival assembly in October. The visiting grandparents made lovely comments about the school and were impressed by the pupils. They came from near and far and they described Vinehall as friendly, happy and welcoming. The grandchildren in their turn were proud to show their school and perhaps saw it with fresh, appreciative eyes.

Considerable interest was shown by the national press in this event with articles in the Daily Telegraph, Financial Times and Daily Express. Mrs Robinson was interviewed live by Gordon Astley on BBC Southern Counties Radio.
