

Curriculum. Geography

Year 4

The topics that will be covered during the year are shown below. Any help you can give your child that would aid his/her understanding of them, such as visits to museums and internet searches, would be very beneficial.

Michaelmas Term

Continents, countries and capital cities
Water supplies, water cycle, the journey of a river, water shortages and saving water

Lent Term

Earthquakes and Volcanoes

Summer Term

Rocks and Fossils

The three main groups of rock, different uses, make up of soil and the importance of soil
